### ATTENTION ALL MEMBERS:

We need articles of interest to put into the newsletters. Whether they be in direct relation to the Rod & Gun Club, or of an upcoming event (anything) that would be of interest to us all. It could be kudos to a member or friend, or even to mention what a lousy shot you were at the last trap shoot!

The deadline to submit articles is the 3rd Tuesday of the month, as we try to get the newsletter to the printer the last week so they can print and mailout for arrival to all members on the 1st of the month.

Please email your articles to [president@eldoradorodandgun.com](mailto:president@eldoradorodandgun.com).

Thank You

## President's Message

**Pistol Range Open:** Our pistol range is now open and a BIG thank you to everyone who helped make it operational. Thank you Skip Worsham, Art Johnson, Howard Holzer and Steve Morgan for all of your extra effort to get the range up and running, it is great to see that we can move mountains when we put our minds (and backs) into it.

At our General Meeting February 4, we raffled off two (2) "El Dorado Friends of the NRA 2002" event tickets, an \$80.00 value and the winners were, Robert Dietz and Gary Coan, ***congratulations Bob and Gary!***

A Reminder that Bill Pease is our new trap chairman. Look for a lot of great shoots from Bill; he has a number of meat shoots planed for March, and April. So watch the calendar for dates and times.

Bob Deitz gave his presentation about Marlin Fishing Tournaments at our February general meeting. It was a nice presentation, thank you Bob. If you have a presentation you would like to show, or ??? and would like to show it to the membership at one of our meetings just let me know.

Still looking for someone to be Newsletter Editor, we really need someone to come forward and help us put together the Powder Keg. Again a reminder to the RSO's, we need articles from you about your shoots.

**Attention Reloaders:** Bring a coffee can and help yourself to the once fired brass in the connex (red storage unit at the rifle range) unit, the box that the brass is in is falling apart and if you attempt to lift the box it will fall apart so we need help getting the brass out of the storage unit. Signed "The Janitor."

**Stay Strong, Stay Vigilant, God Bless America.**
